PROFESSIONAL SUMMARY

With a strong background in finance, strategy, and commercialization, I have led key initiatives across diverse industries. At Fazer Oy, I manage conduct the financial and business controlling while simultaneously managing projects in go-to-market strategy and product line expansions. While at Sattva Projects Oy, I played a pivotal role in driving startup growth through strategic planning and business development. My experience at Kone Oy further honed my expertise in global sales management and pricing strategy development and understanding the importance of customer centricity and the skill of service contract negotiation. I excel at identifying market opportunities, building strategic partnerships, and executing successful commercialization strategies. With a proven track record of delivering results, I bring a dynamic, results-oriented approach to driving growth and scaling ventures in competitive markets.
